Miracles that Led Us Here:

God has provided at every turn when we needed this the most.

Space

We needed a larger space for God-exalting worship that allows us to expand our vision to know Christ and make him known in Stamford. God provided - a 30,000 sf building with capacity for a 300+ person sanctuary in the center of the city.

Resources

People are joyfully willing to offer their time, talent, and treasure, including over \$12 million in gifts and pledges to date, volunteer leadership, and committee involvements.

Second Chance Opportunities

God provided a Christ-following coffee shop owner who already incorporates second-chance employees and has expertise in creating excellent, attractive cafés in the region.

Zoning Approvals

Zoning approval came quickly and without any red tape.

Outreach Opportunities

The Alpha Course invited us to become a “hub church” for their expanding U.S. operations which allows us to reach many people with the gospel.

A Sign

God provided dreams and visions directly related to specific aspects, plans, locations, and partnerships.

Heavenly Father,

Grant us your heart as we move to bring your Gospel into the heart of the city. Open our eyes to see as you see, listen as you speak, and joyfully give towards your mission in the heart of Stamford. Amen.
